

Newsletter

Dear valued customers and business partners,

This is the first edition of our regular newsletter in 2014.

Now that the holiday season is over, we hope that you enjoyed the holidays and started the new year well. We would like to wish you good health and much success for the remaining 342 days of 2014.

We look forward to an exiting year and we will

continue to keep you updated about news and changes with this newsletter.

For the time being, we have decided to reduce the number of editions to one a month.

We are happy to continue our cooperation in 2014.

Best regards
Yours, LUG
Patrik Tschinch

Manager Sales and Customer Service

Construction starts for empty ULD storage

On January 7 construction work commenced for our new racking system for the storage of empty ULD. After a few days we are already certain that we shall reach our goal of having sufficient capacity for 600 additional empty ULD for the Easter season. This free up more space for cargo handling. In the meantime uninterrupted, seamless cargo handling is our priority even whilst the construction work is going on. Our building management and operations have taken every precaution to guarantee a smooth service for all our clients.

Edition 1-2014—week 4/14

Content:

- Construction has started
- New customer in MUC

Delta new customer in MUC

LUG has been handling air freight for Delta Cargo at Munich airport since January 16. This includes belly cargo of the daily passenger flights as well as road feeder services. Delta is our fourth new customer in Munich after Rossiya, Czech Airlines, and IAG Cargo in the past twelve months.
